

Avaap Test Automation is designed to simplify and accelerate the time-consuming Infor Lawson system testing process. By automating your manual testing routines you can significantly compress testing cycle time, freeing up valuable employee resources.

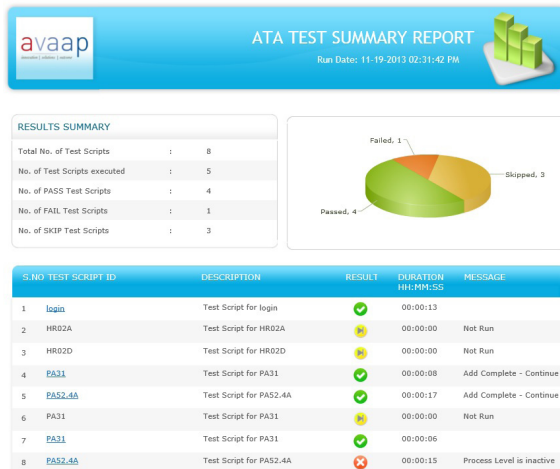

### Challenges

// TESTING IS TIME CONSUMING – SIGNIFICANT BURDEN ON VALUABLE RESOURCES

// LACK OF STANDARDIZED AND DOCUMENTED BUSINESS PROCESSES

// DIFFICULT TO COORDINATE END USERS TO PERFORM REGRESSION TESTING

// LIMITED VISIBILITY INTO TEST RESULTS

### KEY FEATURES

- // TEST AUTOMATION ENGINE – WORKS WITH MOST HTML5 WEB PAGES
- // RECORD & PLAYBACK – SIMPLIFIES SCRIPT CREATION AND MODIFICATION
- // JUMPSTART SCRIPT LIBRARY – INCLUDES PRECONFIGURED SCRIPTS FOR INFOR LAWSON FINANCIAL, PROCUREMENT AND HUMAN RESOURCE SUITES
- // TEST SUMMARY REPORT – PROVIDES INTERACTIVE VISUAL INDICATORS HIGHLIGHTING TEST RESULT DETAILS INCLUDING SCREENSHOTS OF THE TEST RUN
- // SECURITY – VERIFIES LAUA AND LS9 SECURITY PRIVILEGES
- // INTUITIVE UI – ALLOWS USERS TO CREATE AND PLAYBACK TEST PLANS AND TEST SCRIPTS QUICKLY
- // FASTER DEPLOYMENT – STORES ALL TEST PLANS AND TEST SCRIPTS IN EXCEL
- // MORE CONTROL – SCHEDULE TEST PLANS MANUALLY OR AUTOMATICALLY TO RUN OVERNIGHT
- // REUSABILITY – UTILIZES GLOBAL VARIABLES AND ALLOW THE REUSE OF TEST SCRIPTS
- // CUSTOMER CENTRIC – ACCOUNTED FOR MOST LAWSON 10 CHANGES TO ALLOW REUSE OF LAWSON 9 SCRIPTS
- // REAL-TIME VALIDATION – PERFORM VALIDATION CHECKS ASSOCIATED WITH LAWSON TRANSACTIONS

### BENEFITS

- // IMPROVE EFFICIENCY BY REDUCING TESTING TIME AND COMPRESSING THE TESTING CYCLE
- // ESTABLISH STANDARDIZED, DOCUMENTED AND REPEATABLE BUSINESS PROCESSES
- // REDUCE HUMAN ERRORS ASSOCIATED WITH MANUAL REGRESSION TESTING
- // INCREASE VISIBILITY OF TEST RESULTS TO HELP FACILITATE TROUBLESHOOTING AND SATISFY AUDIT

“At the beginning of our upgrade I lost a major part of my implementation team. Needing to find a solution to help meet the Go-Live date, Avaap Test Automation became the tool my team couldn’t survive without. The combination of time savings, standardization, and reporting were priceless. ATA will become a standard tool in our organization for years to come.”
