ORACLE @ AVAAP

Real Oracle Cloud Expertise.

Our people are our greatest asset.
Our people are our greatest asset. With roots in PeopleSoft, we are an early adopter implementer of Oracle Student Management and provide true life cycle services, from strategy and planning through post go-live. As an organizational change management leader, we are the only Prosci® authorized change management training provider in the United States.

"It's been great for us to have Avaap involved from the start. Our faculty and staff appreciate the ongoing communications. They never had as much information about a project presented to them in the past, and they appreciated not feeling like they were living in a communications black hole."

- CIO, Lorain County Community College

END-TO-END CAPABILITIES FROM ADVISORY TO SUPPORT

SHAWNEE STATE UNIVERSITY
After facing a decline in student enrollment and retention, Shawnee State invested in Oracle Cloud to support their goal of being a student-focused institution. Avaap (formerly Navigator) partnered with Shawnee State to guide them through the people side of the Oracle Cloud implementation. We provided organizational change management and training leadership, with a focus on change alignment and readiness, leadership coaching, end user training and a cascading communications approach.

EASTERN GATEWAY COMMUNITY COLLEGE
Eastern Gateway transformed their administrative processes by investing in the Oracle Cloud to provide a central system and standard processes. Avaap (formerly Navigator) led the implementation to provide a unified view of the business processes for all academic areas and administrative offices within the college.

LORAIN COUNTY COMMUNITY COLLEGE
Avaap assisted in the college’s transition from PeopleSoft to Oracle Cloud.
